The title of the candidate's PhD project is:

This Target Agreement serves to establish a formal understanding between the PhD student and the involved supervisors with respect to the conduct of the PhD research project. It is understood that any research activity is subject to incidents and unforeseen changes. Therefore the agreement may be modified in the course of the conduct of the project, as to be approved by the student and the supervisors. Appropriate amendments must be recorded and signed by the Doctoral Committee.

The agreement should contain an outline of the project (research question, current status of the research, any preliminary work already conducted, methodology and a working plan), the objective of the study, milestones and any additional qualifications the student may need.

The agreement is to be signed and handed in to the Doctoral Office the latest by the end of the second semester of participation in the PhD program.
